We have a great selection of Adidas and Rohnisch for ladies while in the men’s sale we have Adidas, Underarmour, Kjus and J.Lindeberg. Pop into the shop and get yourself a great deal!

Ecco Golf Shoe Range

We now have ECCO's award-winning collection of golf shoes for men and women in stock. Combining lightweight comfort, flexibility and foot support, all our Ecco shoes are Gore-Tex providing you with a 2-year waterproof guarantee with added breathability. The range features Biom Natural Motion technology brings the golfer closer to the ground while offering an anatomical last shape. Combined with the Tri-Fi Grip sole that provides excellent grip, durability and stability in all golfing conditions.

Junior Golf Equipment

We provide the best in junior equipment to ensure our junior golfers are using the right tools for them when learning the game of golf. US Kids design golf equipment specifically for junior golfers and when young players play with clubs that fit, they quickly develop golf swings that will last a lifetime.

The correct club length and weight are keys to solid fundamentals, and that's why players are fit into U.S. Kids Golf clubs based on height, not age. The complete range of US Kids are available in the Sports Shop. We sell box sets and individual clubs so please visit one of the Professionals in the shop to get measured up for the correct US kids golf colour code.

We also have a range of clothing for both boys and girls from Adidas along with matching waterproof golf shoes to provide the complete solution for our junior golfers.

Fitting

Use **PLAYER'S HEIGHT** to determine club size

Determine **PLAYER'S DRIVER SWING SPEED** to choose **ULTRALIGHT** or **TOUR SERIES**.

The 2/3 Solution
To help kids develop a proper release with high handspeed, the driver should never be too long. It should fit as it does for adults. Adult drivers are 2/3 their height.

Player's Height x 2/3 (.667) = Perfect Fit Driver

Example:
51" tall x .677 = 34" driver

ULTRALIGHT		TOUR SERIES	
<p>ULTRALIGHT clubs are designed with lighter clubheads and more flexible shafts for the beginning golfer with less clubhead speed.</p> <p>Beginner to Intermediate</p>	<p>TOUR SERIES clubs are designed for the intermediate to advanced golfer with more clubhead weight and longer, stiffer shafts.</p> <p>Intermediate to Advanced</p>	<p>PLAYER'S HEIGHT IN SHOES</p>	<p>Use player's HEIGHT to determine club size and player's driver SWING SPEED to choose Ultralight or Tour Series.</p>

Junior Golf Academy Relaunch – September

We are pleased to announce our Junior Golf Academy will be relaunched on the weekend of 12th/13th September. We have changed to structure to a 6-week term, that shall run until 16th/17th October then we have a 2-week break scheduled for half term to coincide with the schools. During half term we shall offer golf camps then return for another 6-week term that ends before Christmas.

Our new structure will provide a better pathway of development for our Junior Golfers and will include:

- * Sport skills, games and life skills whilst covering all aspects of the game
- * Learning of rules and etiquettes of the game
- * Specifically designed skills challenges to monitor your child's progress over the course of the term
- * Half term reports
- * All lessons are delivered by our qualified and experienced PGA Professionals Charlotte, Jake, Joe, Will and Wesley
- * Each session lasts one hour and places are limited to just six children offered on a first-come, first-served basis.

We have attached the available timings and we would be delighted to sign your children up at a time that shall be convenient for you:

Saturday 9am (FULL), 10am (two classes), 11am, 12noon, 1pm and 2pm
