Titleist Ball Fitting Event - Saturday 18th September - 9am-2pm

The golf ball is the *only piece* of equipment used on every shot. Yet, many players are unaware of the importance of playing a golf ball that is fit for their game. Join a golf ball expert from Titleist who will be on hand to give you FREE golf balls most suited for your game!

At Titleist, the goal is to help all golfers play better and shoot lower scores and being fit for the right golf ball is an important part of that. The golf ball is only piece of equipment you use on every shot and there are many game-changing performance and quality differences between various brands and models. Titleist believe that a proper golf ball fitting takes place on the golf course, and the Titleist Tour-validated ‘Green-to-Tee’ approach successfully fits players of all abilities, from the world’s best to high-handicap amateurs.

The Golf Ball Fitting Process

Step 1: Assessment and selection

Titleist golf ball fitting begins with an assessment of your game, your performance objectives, and your personal preferences.

Step 2: Green-to-tee on- course evaluation

The Titleist Green-to-Tee fitting process involves an evaluation of all shots on the golf course, with the greatest emphasis placed on shots around and into the green.

Step 3: Putting the new ball in play

Commit to playing the golf ball you've been fitted for exclusively. Using the same model golf ball on every shot of every round eliminates performance variation, builds confidence and consistency, and will ultimately lead to you shooting lower scores.
