

# Introduction to Duplicate

## Monday 11th July, 7pm

### Bridge Room

This is our second Duplicate Special aimed at those who have recently attended a series of beginners/improvers bridge lessons or for our social bridge players who haven't played Duplicate Bridge before but would like to try it.

This will be a friendly, social introduction to Duplicate Bridge

The session will:

- Be played with fewer hands and more time for each than in a normal duplicate.
- Explain how a typical Duplicate scoring system works.
- Only allow simple systems/conventions.
- Give you the opportunity to ask questions during the play.
- Have some of the bridge committee present to say hello and to support you.

There will also be a glass of wine on offer to welcome you to the session!

Come along either with a partner or by yourself and we will match you up with someone. To register or for more information email;
