

## Staff vs Members Football 2023

On 22nd October, Roehampton Club staff played the Club Members in a charity football game for the Granville Lloyd trophy, in remembrance of the much loved and sorely missed member of the Food and Beverage staff.

The match was refereed by CEO Marc Newey and was played in

great spirit. The Members were once again victorious with a final score of 6-3, the staff showed a lot of determination throughout the match with a few close chances but ultimately the Members' experience and class shone through.

The Members struck first with an absolute wonder goal from Luke Warriner. A penalty at some point was given to each team in the match which the Members took advantage of as staff failed to convert.

All in all, the day was a huge success with the weather on our side, and it was finished off with a burger and a pint in the Club Café. All who took part have showed interest in making this a yearly or even twice-yearly tradition with the next game planned for April / May 2024.

In total, we had 25 players take part between Staff and Members and raised £250 for the Laurie Todd Foundation. Once again, a massive thank you to everyone who took part in the match & we look forward to a changed result next year!
