

Want to learn to play bridge but feel daunted by it? We have just the programme for you.

Beginners Bridge at RAC and Roehampton Club

Hurlingham, RAC and Roehampton are cooperating to offer their members the choice of joining either an evening course at RAC Pall Mall (Wednesday evenings 7pm to 9pm) or a daytime course at Roehampton Club (Monday mornings 10-12 am). Both courses will start in September 2026 and are designed to take place over the course of the following year in three successive terms.

Evening Course at RAC Pall Mall

The RAC Beginners' Course begins with a bridge starter day (cost £110) on Saturday 19th September with Mike Eden. This covers tuition, detailed notes, lunch and refreshments. Also included is the EBTA Fast Track Bridge (student workbook) which will be used in all future sessions. This will be followed by weekly lessons on Wednesdays starting 23rd September from 7pm to 9pm with an initial 11-week term. The cost of the course is £165 (11 x £15).

Mike Eden has been teaching bridge at the RAC for many years and all his students find him approachable, patient and enjoy his relaxed but informative attitude. Please email bridge-pmcommittee@royalautomobileclub.co.uk for further details.

Daytime Course at Roehampton Club

The Roehampton Club Beginners' Course will take place weekly from Monday 14th September with a first term of eight weeks. Cost is £120 (8 x £15). The course will be run by James Thrower and will follow a widely recognized and well supported EBU format. Term one offers a basic introduction to the game for people who have never played Bridge before. Terms two and three will build on lessons from term one to develop bidding and card play techniques.

Book at Roehampton Club Reception on 020 8480 4200. For further information on the course please contact James Thrower at jthrowerbridge@gmail.com
